**Introducing our new Deep Vac Pit and  
Water Treatment System Cleaner.**

**This new trailer mounted system offers quick and easy vacuuming of wash pit  
settlement sumps and wastewater treatment systems.**

**We can vacuum sludge, muck and filter media with ease. The water can be drained  
off into a dewatering bag and the sludge and media left to dry out for easy disposal.**

**Save time and money over a vacuum truck service with no haul away cost.**

**Call us today about this new service offered by McHenry Equipment.**
